ATIC is by your side, and here to help.

By receiving your vehicle usage data, ATIC will assess any additional relief that we may be able to offer you on premium due between March 29 and July 6, 2020.

We would also encourage you to continue to submit your vehicle usage data after July 6, so that we may evaluate eligibility for additional relief, for either your current policy term and/or for future policies. While we are not authorized to offer a credit, rebate, and/or refund without regulatory approval, having the vehicle usage data will help us request approval to offer you additional relief.

Furthermore, ATIC would also like to make you aware of Excelsior FHV Operators RPG, Inc. (“Excelsior”), a member based organization which was established to cater specifically to the for-hire operators of New York. Excelsior members enjoy numerous benefits, including but not limited to, access to affordable and competitively priced automobile repairs, vision and dental discounts, and risk management services through American Transit Risk Management Services (ATRMS).
